TELESCOPIC PATIO ENCLOSURES

Alukov®
COMPLETE YOUR HOME...

INTRODUCTION

Dear customers and business partners,

Our company Alukov is proud to present our latest and most advanced product range, CORSO™.

We are one of the world's leading manufacturers of external covers and you our customers are the inspiration for our innovative development. Our professional team of architects and engineers ensure your dreams come true.

With the highest care and attention to detail we create a bespoke enclosure that is unique to you which will compliment your existing structure and add a new dimension to living outside.

Thanks to our research and development we have been able to push past the technical and design barriers creating new benchmarks for others to admire.

With vast financial investment and several years of developing the telescopic enclosure, Alukov has proudly produced patented product that will enhance any lifestyle.

Our fully qualified and experienced sales and technical departments are always available to answer any questions you may have concerning your patio area. You as a customer can be assured

that we will find and create an individual solution to meet your needs.

Our pre-sale and aftercare service is of paramount importance to us as we believe in developing long term partnerships with our customers. We like to think we are more than consultants and advisors. We are here to show and help you make the right decision. The right decision for you.

I do hope by looking through our catalogue, you will be inspired to allow us to work with you, to produce your very own, unique telescopic patio enclosure.

For more than 20 years we have been satisfying customers with our products and services.

It is my hope that you will join us too.

Jan Zitko
Managing director, ALUKOV a.s.

PATIO ENCLOSURE **CORSO™**

The sliding Corso enclosure is the ideal solution for expanding the covered area of your terrace or enclosing a pool near a building. You can use your terrace fully even in poor weather and all year round. Elegant and bespoke construction, long lasting materials, reliable rails and great service all prove that an enclosure from Alukov is the best choice. Thanks to enclosure's greenhouse effect the entire house benefits from a reduction in loss of heat.

WHY TO CHOOSE THE **CORSO™** SLIDING ENCLOSURE

- **CORSO™** adds a new dimension and space to your home, comfortable and safe whatever the weather.
- **CORSO™** can be adapted to your unique terrace size, colour and shape.
- **CORSO™** is made of high quality materials that will last you more than 20 years.
- **CORSO™** can be upgraded with many additional features – shading, mosquito protection, special entrance for pets, 'air flow' windows etc.
- **CORSO™** has passed stringent testing against extreme windy conditions and holds several international safety certificates.
- **CORSO™** will protect your terrace and house wall surface from the effects of wind and also save money on the household heating bills.
- In the winter months you can use **CORSO™** for storage of your seasonal garden furniture.
- **CORSO™** is a champion and has won numerous awards at international exhibitions.
- Every **CORSO™** enclosure includes a free consultation with professional measuring.

PATIO ENCLOSURE CORSO™ ULTIMA, ULTIMA R

NEW!

Our new model of terrace enclosure is called **CORSO™ ULTIMA**. It is a meticulously designed, clean enclosure with straight lines, surfaces and large glass panels that make the space look even bigger. It is custom designed to meet the needs of even the most demanding requests. Side parts of **CORSO™ ULTIMA** have minimum pillars ensuring a perfect view and a perfect connection with your garden. Our designers follow the most recent fashionable trends in modern architecture and because we listen to the feedback of our customers, we put these characteristics into the new enclosure and named it **CORSO™ ULTIMA**. We have also **ULTIMA R** version with stronger roof construction that allows to make wider enclosure up to 6 meters. This type is especially good for restaurant gardens, cafes, hotels and other public places.

PATIO ENCLOSURE CORSO™ PREMIUM

WIDTH

0,50 - 6,50 m * Consult with a sales person

LENGTH AND HEIGHT

Are optional.

FEATURES

Our unique EASY UP locking system is built into the aluminium profile, securely locking the top and bottom of the segment.

GLAZING

Safety glass CONNEX 33.1 in freestanding end panel and side (large panorama windows). Roof section is filled with UV stable and hail stone resistant polycarbonate.

HOW DOES THIS WORK...

HOW DOES THIS WORK...

EASY UP PLUS

Features a safe, easy-to-use, waist-height locking system that prevents the risk of back injury from bending down to move each segment. Safer against strong wind.

ACCESS FOR PETS

Gives your pet a separate lockable entrance through which it will run out or come back to the terrace whenever it wants.

INTEGRATED SHADING SYSTEM

Alukov offers a unique shading system as a protection from the sun. Shading is available in the roof and sides.

PATIO ENCLOSURE CORSO™ HORECA

SOLUTION FOR BUSINESSES

MAXIMIZE YOUR REVENUE

Do you have a pub, restaurant or coffee shop with an outdoor area that only gets used by customers during the summer or never gets used at all? Would you like to make use of that outdoor area with happy paying customers for up to 9 months of the year? Well you can with a **CORSO™**.

CORSO™ enclosures will attract new customers as well as old into your establishment. **CORSO™** enclosures take customers outside, secure and protected from the elements by their transparent structure. **CORSO™** enclosures are easy to maintain. **CORSO™** comes with a choice of 6 different colour profiles. **CORSO™** enclosures offer a wonderful ROI.

Your customers will love the **CORSO™** especially during warm days, as they will literally be able to take the roof off.

BENEFITS

- Extended use of outdoor space (up to 9 months of the year)
- Protects your customers from adverse weather conditions
- Fully lockable, safe and secure
- Attractive environment for clients
- Eliminates noise and dust pollution
- Easy slide and glide system
- Fast return on investment

CORSO™ HORECA

HOW DOES THIS WORK...

CORSO™ HORECA

CORSO™ AND TIMBER CONSTRUCTION HOUSES

The CORSO™ Sliding enclosure creates a new space on your terrace and provides you with a comfort, convenience and full usage of the enclosed area. The enclosure is certified by a leading manufacturer of timber constructions as the most suitable terrace enclosure system. Installation is carried out professionally, without damage of insulation or construction of the house, therefore without loss of warranty of the property. Thanks to the tractable system, the enclosure can be open on hot days and when the weather is not pleasant simply enclosure the entire area. With the CORSO™ you can enjoy your home even more!

FACILITY MANAGEMENT – MULTIPURPOSE ENCLOSURE

ORLANDO POD

Garden Pod Orlando provides the extra outdoor room many of us need. The use of the pod is endless, you can create a beautiful dining area and enjoy the alfresco experience, tranquil yoga or meditation space, upbeat gym, reading room, funky playroom for children, tea room for grown-ups or enclose your spa. The choice is yours.

We offer two sizes - small and large.

Another product from Alukov is a multipurpose enclosure. The most common use is bus stop or cycle shelter which protect users from bad weather elements. We have installed numbers of them in front of factories, office buildings, schools and shops. The aim is to encourage employees and customers to cycle and therefore be gentle on the environment.

PLEASURE

-  ■ EXTENSION OF THE SEASON - extend the usage of your outdoor area by an additional 5 months (2 months in autumn and 3 months in spring). With a mild winter or outdoor heating can even be for the whole year!
-  ■ ENERGY SAVING - 'greenhouse effect' heats up the glass terrace and saves on heating costs.
-  ■ ENTRANCE FOR PETS - option of adding an extra entrance for your house pets.
-  ■ COMFORT - closed enclosure enables you to be in it even in the wind and rain.
-  ■ FROST PROTECTION - the enclosure will protect your terrace from frost.
-  ■ PROTECTION FROM THE SUN - option of additional shielding system or tinted polycarbonate.
-  ■ MOSQUITO NET - option to provide the enclosure with protection against insects.
-  ■ EASY SLIDING - even a child can move the segments thanks to a system utilising stainless steel wheels.
-  ■ EASY CLEANING - glass or polycarbonate is safe to wash with normal household cleaning products.

AESTHETICS

-  ■ TECHNOLOGY - we hold several technological patents and we are continually investing in new product development.
-  ■ BESPOKE - each enclosure is made to measure, according to the customer's exact requirements.
-  ■ FEATURED GLASS - certain enclosures allow for the choice of polycarbonate or preferred glass to enable even easier maintenance and optimal heating.
-  ■ DESIGN - choice of square or rounded designs.
-  ■ SEALING - 'labyrinth sealing system' to avoid leaks in and prevent the scratching of polycarbonate.
-  ■ VENTILATION - optional extra ventilation windows.

SAFETY

-  ■ PROTECTION OF PEOPLE AND POSSESSIONS - complete locking system to allow extra security from theft of belongings
-  ■ HEAVY-DUTY BUILT - assures that snow will not trouble you.
-  ■ EXTRA SPACE - additional outdoor social space.
-  ■ DISABLED FRIENDLY - customisable accessibility features.
-  ■ BARE-FOOT FRIENDLY FLOOR RAILS - safe, low rails.
-  ■ UV PROTECTION - dual-sided polycarbonate UV stabilisation protects skin from the negative influence of UV rays.
-  ■ POLYCARBONATE - hailstone resistant.

RELIABILITY

-  ■ COMPLEX SUPPORT - our agents work hard to create unique solutions tailored to your specific needs.
-  ■ QUICK ASSEMBLING - assembling at the site is typically done within 1 day.
-  ■ SERVICE - our skilled builders will repair any fault on the enclosure as part of our long term guarantees.
-  ■ QUALITY - internationally certified for build quality (CE, AFNOR, etc).
-  ■ MEASURING FOR FREE - consultation and measuring at customers is for free.
-  ■ CORPORATE SOCIAL RESPONSIBILITY - our manufacturing procedures, products and waste disposal processes are environmentally friendly and kind to the planet.
-  ■ LONG TERM GUARANTEES - 5 years for enclosures, 5 years for colour, 7 years for firmness of joints, 15 years for polycarbonate + 1 year insurance against breakage of glass by hailstones or a 3rd party.
-  ■ INTERNATIONAL PRESENCE - Alukov is part of the IPC group, we utilise our joint experiences and knowledge to identify new market trends and products.

COMPANY PROFILE

The ALUKOV HZ company was established in Orel (near Chrudim), Czech Republic, in 1995. Since then we have produced over 20,000 pieces of enclosures. The high production capacity (around 3,000 pieces per year) of its facilities makes the company one of the leading manufacturers of swimming pool, spa and patio enclosures.

The company is also the founder of a leading and internationally respected association of qualified industry professionals (manufacturers and vendors): IPC Team (Inter Pool Cover Team, E.E.I.G.). In its field of business, ALUKOV HZ ranks among the key developers in terms of innovative swimming pool enclosures worldwide. Every year ALUKOV presents its clients with new enclosure models and new technical product solutions, marked by novel and attractive features.

All enclosure systems manufactured by ALUKOV HZ are exported globally to the EU and other European countries, as well as Asia and the USA. Our products are characterized by outstanding quality, reliability, timeless design and ease of handling. Our professional experience of many years enables us to offer a wide range of types and models of swimming pool and spa enclosure options. Therefore customers can choose from an array of low, medium-height and high models. The maximum enclosure width can even reach 13m, depending on model type.

OUR PRODUCTION PROGRAM

ALUKOV offers three main programs: POOL - Program includes 19 models, SPA - Program offers 6 types altogether which can be used to not only cover a hot tub, but can also serve as an innovative garage for one's car! Our new HOME - Program includes CORSO models suitable for patios, restaurant outdoor areas and much more... The complete range of enclosures can be accessed via our website www.alukov.cz and Facebook www.facebook.com/alukovcz.
